PROFESSIONAL SUMMARY

Full Stack Web Developer with 1.9+ years of experience in designing and developing scalable web applications using React.js, Next.js, Node.js, Express.js, and MongoDB. Skilled in RESTful API development, WebSocket integration, JWT/OAuth 2.0 authentication, payment gateway integration, and responsive UI development. Experienced in delivering secure, high-performance, and user-centric applications across diverse business domains.

EDUCATION

Bachelor of Technology in Information Technology

SR Group of Institute, Lucknow

July 2019 – July 2023

8.2 CGPA

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, HTML5, CSS3
Frontend Technologies: React.js, Next.js, React Native, Redux, Redux Toolkit, Zustand, Context API, Zod, Tailwind CSS, Material UI
Backend Technologies: Node.js, Express.js, RESTful APIs, MongoDB, Mongoose, JWT, OAuth 2.0, WebSockets, MVC Architecture
Tools and Platforms: Git, GitHub, VS Code, Postman, Vercel, npm, Webpack
Payment Integration: PayU, Razorpay

PROFESSIONAL EXPERIENCE

Software Developer

Deetya Soft Pvt. Ltd.

March 2025 – Present

Ghaziabad, India

- Built and maintained responsive React.js web applications, improving load performance via lazy loading and code splitting, reducing initial bundle size significantly.
- Integrated **PayU** and **Razorpay** payment gateways with webhook handling, and implemented **OAuth 2.0** social login for secure, seamless user authentication.
- Implemented role-based access control (RBAC), JWT-based session management, and **WebSocket (Socket.IO)** integration for real-time updates across application modules.
- Collaborated with backend and design teams in Agile sprints to ship production-ready features on schedule.

Frontend Developer

4Steps Digital Consulting Pvt. Ltd.

July 2024 – March 2025

Noida, India

- Designed and developed **5+ responsive web interfaces** using React.js, Next.js, and TypeScript for diverse client projects across industries.
- Built and documented RESTful APIs with Node.js and MongoDB, implementing structured error handling, input validation, and Mongoose schemas for data integrity.
- Led Git-based code review workflows, enforcing standards that reduced post-merge bugs and improved team code consistency.
- Collaborated with UI/UX teams to deliver pixel-perfect, mobile-first designs using Tailwind CSS and Material UI.

KEY PROJECTS

Lead Management System

React.js, Redux Toolkit, Tailwind CSS, Axios

- Developed a full-stack Lead Management System for lead tracking, customer follow-ups, and sales workflow management.
- Implemented **Redux Toolkit** for efficient state management and real-time lead status handling workflows.
- Built secure REST APIs for lead creation, follow-up scheduling, and customer data management.

Resume Analyzer

React.js, TypeScript, Redux Toolkit, Node.js, Express.js, MongoDB

- Developed a full-stack Resume Analyzer platform with resume upload, ATS-style analysis, and personalized improvement suggestions.
- Built responsive and scalable user interface with React.js, TypeScript, Redux Toolkit, and Tailwind CSS.
- Implemented secure authentication, resume management, and analysis workflows using REST APIs.

CERTIFICATIONS

- CodeHelp: Full Stack Web Development – MERN Stack
- Ducat: React.js and Redux Toolkit
